WELCOME TO THE PATIENT PORTAL

The Patient Portal offers you secure, online access to oncology healthcare information anytime and anywhere. Through the Patient Portal, you can view your appointments and test results, complete healthcare assessments, access educational materials, and view contact information for your care team all from the comfort of your own home.

GETTING STARTED

Accessing the Patient Portal is easy and secure. Visit the website at <WWW.OURPATIENTPORTAL.COM>. Your care team will provide you with a unique, secure PIN, and detailed login instructions. To login for the first time:

1. VISIT THE WEBSITE AND CLICK "CREATE ACCOUNT"
2. ENTER YOUR NAME, DATE OF BIRTH, AND PIN
3. CREATE A USERNAME AND PASSWORD AND ENTER YOUR EMAIL ADDRESS
4. YOU'RE LOGGED IN AND READY TO GO!

To get your PIN, or for more information about accessing the Patient Portal for the first time, please contact your health provider.

YOUR PRIVACY IS IMPORTANT TO US

We take great care to ensure that your health information is safe and private, and encourage you to keep your Patient Portal username and password safe. The Patient Portal is fully compliant with federal and state law related to the privacy of health care information. For more details on information security, please contact your care provider.

WORKING WITH THE PATIENT PORTAL

APPOINTMENTS

Use the calendar to view all of your appointments in one place, request new appointments and set up automated text or email appointment reminders.
TIP: To set up reminders - click on your name, and select the "Account Settings" tab.

TREATMENT SUMMARY

View a complete record of all past treatments. New treatment history results will be flagged for your attention.

FOLLOW UP PLAN

Your follow up plan is a long term road map of what your care will look like post-treatment, including recommended follow-up appointments, and a schedule of when they should occur.

EDUCATION MATERIALS

Learn more about your diagnosis, side and late effects of treatment, and find advice for getting and staying healthy through educational materials suggested by your care team.

QUESTIONNAIRES

Complete any assigned health assessments ahead of appointments to save time in the clinic. You can either choose to fill in a printed version, or submit your results online.

TEST RESULTS

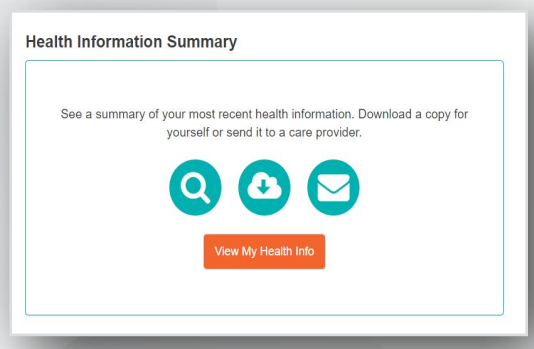
View results of any lab tests online. Like treatment history, new lab test results are automatically flagged for you.

MEDICAL NOTES

Your care team may include medical notes for you, such as a description of your type of cancer, reports from specialists, and imaging test reports.

MESSAGES

Securely communicate healthcare information with your care team through an interface that works just like email, but with added security.



WHAT'S A HEALTH INFORMATION SUMMARY?

Access your health informaton summary - which includes diagnosis, medications, allergies and lab results. To access your HIS, click "View Health Info," with the option to select a date range to download and/or send this summary to another healthcare provider. **Tip – Use this feature to send a list of your medications to your family doctor**.
