To get your PIN, or for more information about accessing Patient Portal for the first time, please contact your healthcare provider.

YOUR PRIVACY IS IMPORTANT TO US

We take great care to ensure that your health information is safe and private, and encourage you to keep your Patient Portal username and password safe. Patient Portal is fully compliant with federal and state law related to the privacy of health care information. For more details on information security, please contact you care provider.

WORKING WITH PATIENT PORTAL

MY APPOINTMENTS

Use the calendar to view all of your appointments in one place, request new appointments, cancel or reschedule existing appointments, and set up automated text or email appointment reminders.
TIP: To set up reminders - click on your name, and select the "Manage Reminders" tab.

MY TREATMENT SUMMARY

View a complete record of all past treatments. New treatment history results will be flagged for your attention.

MY FOLLOW UP PLAN

Your follow up plan is a long term road map of what your care will look like post-treatment, including recommended follow-up appointments, and a schedule of when they should occur.

MY EDUCATION MATERIALS

Learn more about your diagnosis, side and late effects of treatment, and find advice for getting and staying healthy through educational materials suggested by your care team.
TIP: Access an entire library of reputable oncology information in the Resources Section.

MY QUESTIONNAIRES

Complete any assigned health assessments ahead of appointments to save time in the clinic. You can either choose to fill in a printed version, or submit your results online.

MY TEST RESULTS

View results of any lab tests online. Like treatment history, new lab test results are automatically flagged for you.

MY MEDICAL NOTES

Your care team may include medical notes for you, such as a description of your type of cancer, reports from specialists, and imaging test reports.

MY MESSAGES

Securely communicate healthcare information with your care team through an interface that works just like email, but with added security.

WHAT'S A HEALTH INFORMATION SUMMARY?

This features lets you access a summary of your health information for a range of dates you can specify. The summary includes your diagnosis, medications, allergies and lab results. To access your HIS, just click "Start Here," select a date range and then view, download and/or send this summary to another healthcare provider.
Tip – Use this feature to send a list of your medications to your family doctor.
